

BIORAMI

Animal hanging mats (rodent mats)

Small mats made of linen and hemp fibers on a jute mesh backing.
Used as lining in animal cages.

Linen-hemp nonwoven fabric

The mat is made of short flax and hemp fibers on a jute mesh backing.
Non-woven fabric works great as a disinfection mat at border crossings and at entrances to farms and farms.

Greenstem tow

Fiber from raw, unreined linen used in upholstery as seat filling for older, restored cars.
